Audit Report

ROI MASTER ACADEMY INC

July 2022

Type	BEP20
Network	BSC
Address	0x5416f06830C7826A2ee774c53a3589e707269AB3
Audited by	© cyberscope

Table of Contents

Contract Review

Contract Name	CoinToken
Compiler Version	v0.8.2+commit.661d1103
Optimization	200 runs
Licence	Apache-2.0
Explorer	https://bscscan.com/token/0x5416f06830C7826A2ee774c53a3589e707269AB3
Symbol	RMAI
Decimals	9
Total Supply	98,990,465
Domain	rmai.io

Source Files

Filename	**SHA256**
contract.sol	df8ebc1495d2c8a09793a216ada0a2dbafceb74adf2bd136073d8e606c96e048

Audit Updates

Initial Audit	2nd June 2022
Corrected	15th July 2022

Contract Analysis

● Critical   ● Medium   ● Minor   ● Pass

Severity	Code	Description
●	ST	Contract Owner is not able to stop or pause transactions
●	OCTD	Contract Owner is not able to transfer tokens from specific address
●	OTUT	Owner Transfer User's Tokens
●	ELFM	Contract Owner is not able to increase fees more than a reasonable percent (25%)
●	ULTW	Contract Owner is not able to increase the amount of liquidity taken by dev wallet more than a reasonable percent
●	MT	Contract Owner is not able to mint new tokens
●	BT	Contract Owner is not able to burn tokens from specific wallet
●	BC	Contract Owner is not able to blacklist wallets from selling

Contract Diagnostics

● Critical   ● Medium   ● Minor

Severity	Code	Description
●	L01	Public Function could be Declared External
●	L02	State Variables could be Declared Constant
●	L04	Conformance to Solidity Naming Conventions
●	L07	Missing Events Arithmetic
●	L09	Dead Code Elimination

L01 - Public Function could be Declared External

Criticality	minor
Location	contract.sol#L406,425,434,496,500,504,508,512,517,522,526,531,537,542,547,552,556,560,564,573,617

Description

Public functions that are never called by the contract should be declared external to save gas.

```
updateFee
reflectionFromToken
deliver
totalCharity
totalBurn
totalFees
isExcluded
decreaseAllowance
increaseAllowance
...
```

Recommendation

Use the external attribute for functions never called from the contract.

L02 - State Variables could be Declared Constant

Criticality	minor
Location	contract.sol#L459,457

Description

Constant state variables should be declared constant to save gas.

```
_MAX
_GRANULARITY
```

Recommendation

Add the constant attribute to state variables that never change.

L04 - Conformance to Solidity Naming Conventions

Criticality	minor
Location	contract.sol#L398,617,452,453,454,455,457,458,459,468,469,470,473,474,475

Description

Solidity defines a naming convention that should be followed. Rule exceptions:

- Allow constant variable name/symbol/decimals to be lowercase.
- Allow _ at the beginning of the mixed_case match for private variables and unused parameters.

```
ORIG_CHARITY_FEE
ORIG_BURN_FEE
ORIG_TAX_FEE
_CHARITY_FEE
_BURN_FEE
_TAX_FEE
_GRANULARITY
_DECIMALFACTOR
_MAX
...
```

Recommendation

Follow the Solidity naming convention.
https://docs.soliditylang.org/en/v0.4.25/style-guide.html#naming-conventions

L07 - Missing Events Arithmetic

Criticality	minor
Location	contract.sol#L617

Description

Detected missing events for critical arithmetic parameters. There are functions that have no event emitted, so it is difficult to track off-chain changes.

```
_TAX_FEE = _txFee * 100
```

Recommendation

Emit an event for critical parameter changes.

L09 - Dead Code Elimination

Criticality	minor
Location	contract.sol#L361,321,331,346,356,268,295,819

Description

Functions that are not used in the contract, and make the code's size bigger.

```
_getTaxFee
sendValue
isContract
functionCallWithValue
functionCall
_functionCallWithValue
```

## Recommendation

Remove unused functions.

Contract Functions

Contract	Type	Bases		
	Function Name	**Visibility**	**Mutability**	**Modifiers**
Context	Implementation			
	_msgSender	Internal		
	_msgData	Internal

Contract Flow
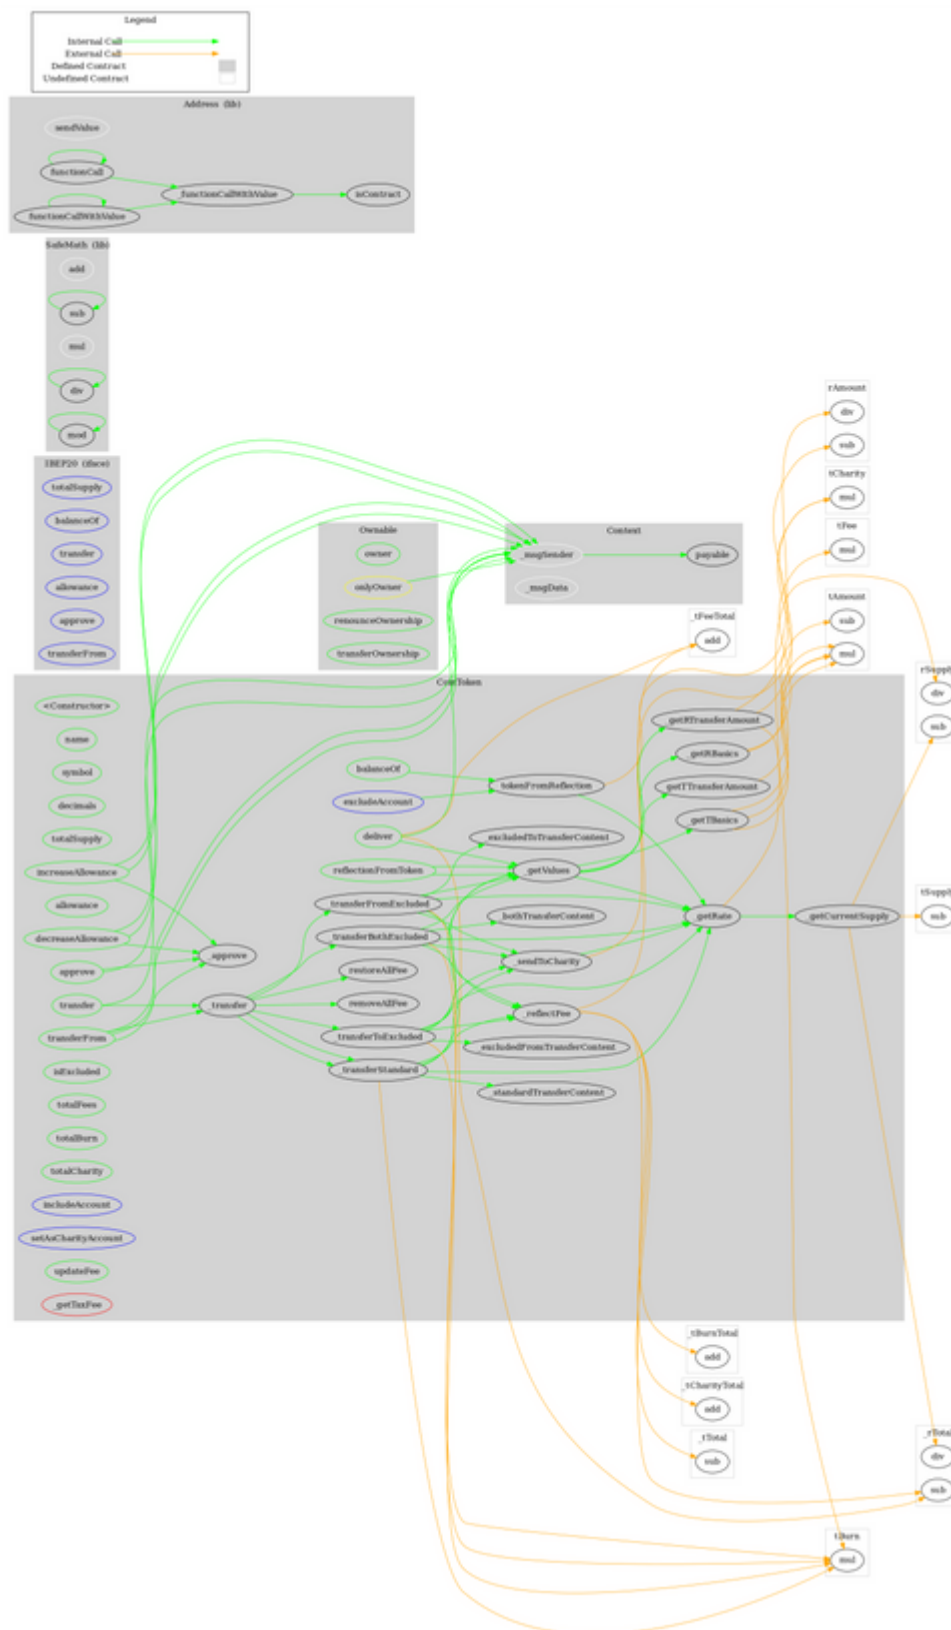

Summary

ROI MASTER ACADEMY INC is an interesting project that has a friendly and growing community. The Smart Contract analysis reported no compiler error or critical issues. The contract ownership is renounced and the team can no longer interact with the smart contract. The fees are fixed and can't be changed.
